Scout Out the Best Tees

Posted by [Kelly Mills](#)

Wanna t-shirt you can feel good about in every way?

[These wonderful shirts \(\\$32\) by Scout](#) are created by mother-daughter team Mimi and Ellen Leinbach, with designs inspired by cultures from around the world. They are 100% organic Pima cotton, and the embroidery and applique designs are hand-made by Indian women in Peru. But while you get your socially-conscious happy-buzz over supporting organic, free-trade clothing, you also get to dress your baby in some of the softest, most beautiful little tees you've ever seen. Oh, and they have pants and onesies too.
